### Product Description

Linhui Standard Parts is a professional Truss Head Wood Stainless Steel Screw manufacturer and supplier. Our Truss Head Wood Screws are very strong and are great for both indoor and outdoor use. This stainless is superior to regular steel and provides excellent rust resistance.

Truss Head Wood Stainless Steel Screws are well suited for sheet metal and other material with large diameter holes due to their wide head. Additionally, because of their low-dome shaped head, these screws make tampering with or removing the head difficult.
